KIND ATTN:

SUBJECT: Introduction of BT Water Treatment Pvt Ltd. (Manufacturer of water & waste water treatment plants & Chemicals)

Dear Sir,

We have pleasure to introduce ourselves as one of the leading manufacturer of WATER TREATMENT PLANTS IN BARODA, GUJRAT REGION. We are ISO-9001:2000 certified company Turnkey Solutions in Environment. We have been supplying water treatment plants Industrial and domestic market since last 25 years.

Our products have already earned a reputation in the market for its reliability and good performance. We have so far installed nearly 4726 units all over India & Abroad.

We have Group Corporate & Head Office at Vadodara (Gujarat) and Manufacturing facilities at Manjusar (Savli) GIDC. At same location with pilot & bench scale facilities, employing 55 professionals in India. We are aggressively expanding our business in India & abroad.

BT Water treatment pvt ltd is a leading turnkey projects suppliers of Effluent & Sewage Treatment Plants (Compact) Evaporators (Forced, MEE, Falling Film), Zero Liquid Discharge Plants, with strong R&D expertise supported by experts from Engineering & Scientific fields like Environmental, Chemical, Process, Mechanical, Metallurgical, Instrumentation, Mining, Geology, Biotechnology, Microbiology, Chemistry, Applied Chemistry. We are having business operations at India.

We offer following products & Services:

- Effluent Treatment, Sewage Treatment Plants & operation maintenance & Process Equipments
  - Compact sewage water recycling plants (STP)
  - Effluent Treatment Plant (ETP)
  - Industrial Ro plant (RO)
  - Swimming pool filtration plants.
  - Water softener - domestic / industrial – automatic / manual
  - Dm plant
  - Pressure sand filter (PSF)
  - Activated carbon filter (ACF)
  - Duel media filter (DMF)
  - Uv filters
  - Treated Effluent water recycling plant.
  - Mix bed unit (Polishing unit) (MB)
  - Spares for above plants, Cation / anion resin, testing kit, filter media & filter cartridges.
  - Yearly operation and maintenance contract of effluent & sewage treatment plant.
  - Troubleshooting of any chemical process, sludge recovery & etp, we can also take AMC and O&M contract for water treatment plants.
  - Chemicals For Boiler & Cooling towers like Antiscalent, Algae & Fangs preventive, descaling, ph correction, oxygen scavenger, etc......
We have pilot plants for effective & efficient waste water treatment system to ensure that the in-house expertise is tested before using it on large scale facilities.

**Some of our valued clients in Industries are** ABB, L &T ltd., Siemens, Polycab, Welspun, HNG Float glass, E. I. DuPont, FAG, Welspun, transpek, jubilent organics, sun pharma, solaris, munjal auto, Apollo tyres, wokhardt ltd., Gujarat organics, Gujarat guardian, GRP limited, Philips Carbon, reliance industries, Elysium pharma, sterling biotech, Plastic chemix, Shaily biotech & Engi..., Manpasand agro food, etc....

**Some of our valued clients in Hospital Industries** are Sterling, Bhailal Amin, Bankers Hospital, Baroda Heart, Kailash Cancer Hospital, Wokhardt hospital, Etc.

**Our valued clients in residential & commercial complex** are like Shreem Shalini, procube, C.H. Jewellers, soham bunglows, pratham, riverway residency, DPS, Milestone, samprat residency & no. Of installation in individual bunglows & farm houses.

It would be our pleasure to develop a growing & long standing relationship with your company, so we request you to kindly forward us the enquiries pertaining to our services and we assure that you would be getting the best competitive rates and the earliest services for the same.

Thanking you & assuring you our best services always.

Yours Co-cordially,

TARUN SHAH |

Subject: Capability statement of BT water treatment pvt.ltd.
"Water Softening plant (WSP)", "Pressure sand filter (PSF)"

**BT Make “WSP”** is the removal of calcium, magnesium, and certain other metal cations in hard water. The resulting soft water is more compatible with soap and extends the lifetime of plumbing. Water softening is usually achieved using ion-exchange resins.

**BT Make “PSF” (MGF)** is very useful to remove suspended solids from impure and contaminated water. With compact size, these have sturdy construction and easy to operate. These systems also exhibit durable life.

**BT Make “ACF”** is commonly used for removing organic constituents and residual disinfectants in water supplies. This not only improves taste and minimizes health hazards; it protects other water treatment units such as reverse osmosis membranes and ion exchange resins from possible damage due to oxidation or organic fouling. Activated carbon is a favored water Treatment technique because of its multifunctional nature and the fact that it adds nothing detrimental to the treated water.

"Chemicals for Boiler, Cooling tower & RO Plant"

**BT make “Boiler & Cooling tower chemicals”**
- BT-118D - Descaling chemical
- BT-118R - Cooling tower Antiscalent
- BT-Acide - Algae & Fangs Preventive
- BT-401 - Boiler Antiscalent
- BT-450 - Oxygen scavenger
- pH Booster chemical for Boiler, Cooling tower & RO Plant.

And other chemicals also for ro Plant...

"Swimming Pool filtration plant"

**BT make “Swimming pool filtration”** refers to methods for ensuring healthy conditions in swimming pools, hot tubs, plunge pools, and similar recreational water venues. Proper sanitation is needed to maintain the visual clarity of water and to prevent the transmission of infectious diseases.
BT work on Troubleshooting of any chemical process, sludge recovery & ETP, we can also take AMC and O&M contract for water treatment plants.

We supply a number of high capacity Industrial UV Units for several clients in diverse industries. Our products comprise of UV System Teflon and Quartz based, Surface UV Treatment, UV Treatment for Storage Tank, Open Channel UV System, UV Irradiator, Micron Filter etc. Besides the above we also supply UV measuring instruments such as Online UV Intensity Meter, UV Intensity Monitor, UV Portable Intensity Meter etc.
